

# Family matters

**Where to start:** Start with a conversation about family. What do they like to do with each member of their family? Do they help a parent with grocery shopping, read books with a grandparent, or cuddle on the couch with a baby sibling?

**Prompt:** Think of a person in your family. What's something special you do with that person?

**How to go deeper:** Write and draw about each person in your family. (Use the back of this page to draw and write.)
