Rule of law

What's a rule or law that you think is unfair? How is it unfair, and to whom? What would be a more fair rule?

Keep in mind: The goal of persuasive writing is to convince people to see your point of view. Spend some time thinking about the reasons for your opinion and how to state them clearly.

Bonus: Is it ever okay to disobey unfair rules or laws? Why, why not, or under what circumstances? Talk about it with your friends or family. (Use the back of this page to write.)
